

Want to know more about remote & mobile working?

The Briars Group and O₂ invite you to

**A Free Demonstration & Practical Workshop
02 July 2009**

Modern technology and mobile connectivity provides fabulous opportunities for managing your staff on the move, and reducing overhead costs. We provide some of the answers to:

Do all your staff need to be based in the office?

Could technology eliminate your need for an office?

How would you run your business in the event of a disaster?

We will be running a series of short workshops, each lasting about 90 minutes, where you can learn about the benefits of a "Virtual Office" and mobile connectivity:

Microsoft's remote worker technologies

How O₂ can get you working on the move

What a Virtual Office can do for you

There will be plenty of opportunity for Q&A, one-to one discussions and the opportunity to try out the working demonstrations using a combination of the latest Dell laptops; BlackBerry smartphones; iPhones and Windows Mobile PDAs.

Book now for your free place; call Natalie on 01483 413421 or
email natalie.fairweather@briars.net

Workshops available at: 0800; 10.00; 12.00; 1400; 16.00 hrs

NOTE places are limited to 12 per workshop, so please book early.

Free onsite parking

We look forward to seeing you on the day.
